

## Veterinary Internship Opportunity

The Four Sixes Ranch is excited to announce that we are taking applications for a veterinary internship spanning from June 1, 2025, to July 1, 2026.

We are committed to nurturing the next generation of leaders and veterinarians. For years, we have upheld the tradition of mentoring undergraduate interns through our breeding and summer internship programs. This veterinary internship is an extension of that commitment, designed to provide newly graduated veterinarians with invaluable hands-on experience and professional growth opportunities.

The foundation of our internship programs aligns closely with our mission, vision, reflecting our dedication to excellence and education.

**Mission Statement:** We shape the future of the horse industry while preserving the legacy and values of the cowboy lifestyle by serving owners and their working horses with top tier veterinary and reproductive services.

**Vision Statement:** We strive for excellence in all we do, as we establish relationships, operate with integrity, and excel in customer service.

**Internship Duties:** The intern veterinarian will work alongside the associate veterinarians, assisting with all aspects of a resident veterinarian's role on a breeding farm. Responsibilities will include managing cases, handling both in-hospital and outpatient appointments, and being on call for emergencies. Mentorship and consultation will be available at all times. As the intern gains confidence, proficiency, and comfort in their role, they will gradually take on more responsibilities and perform a wider range of tasks.

**Prerequisite Requirements:** Applicants must be graduates of an accredited veterinary program and hold the necessary licensure for practicing in the state of Texas. Note: Completing an externship with our clinic prior to applying is highly recommended.

**Deadline to Apply:** February 1, 2025
